Durable Materials / Made in the U.S.A.

FN SPRING COLORS

↳ "SHELTERWOOD"

• SO THESE LOOK REALLY REALLY AWESOME. THE COVERS ARE MADE OF A VERY THIN WOOD VENEER BONDED TO KRAFT PAPER. THE PAPER IS A 70# "SOFT WHITE" THAT'S NOTICEABLY THICKER THAN THE STANDARD 50# IN OTHER BOOKS. I DON'T KNOW WHAT ELSE TO SAY OTHER THAN HOW SUPER COOL THESE ARE. GOOD THING I ORDERED TWO PACKS...
